We may offer opportunities to purchase products in our online stores. Customers must be over the age of 18 with a valid credit card. Visitors under 18 can use the Wish List function while browsing our online stores but cannot make purchases. When a customer places an order or requests a catalogue online, we collect information associated with the transaction, which will include the customer's name, mailing address, products ordered, shipping address, and credit card information. We ask for this information so that we may fulfill the order or catalogue request. We use Secure Sockets Layer (SSL) technology to protect credit card data during transmission to our website, and adopt careful internal procedures to safeguard this information in our system.

Customers have the option of registering certain information for future orders while completing their online order. For the customers who choose to register, we will capture their login name, password, name and mailing address, alternate ship-to addresses, and credit card information.

When registered customers return to the site to place subsequent orders, they can identify themselves with their login name and password.

When a customer places an order online, we will send a confirming e-mail message. We may also send an occasional e-mail featuring a special promotion or product that may be of interest to customers. Any customer who prefers not to receive an online order confirmation or promotional e-mail should indicate this preference on the online store order form. If you do receive an e-mail from us that you would rather not receive, simply follow the "unsubscribe" instructions included in the e-mail.
